## **MEMORANDUM OF POINTS AND AUTHORITIES**

### **I. INTRODUCTION**

Plaintiffs, Alfred and Jessy Zaklit (hereinafter referred to as “Plaintiffs” or “Class Representatives”), individually and on behalf of the “Settlement Class” (as defined below) hereby submit their Motion for Final approval of the proposed settlement (the “Settlement”) of this action (the “Action”).<sup>1</sup> Defendant, Nationstar Mortgage LLC. (hereinafter referred to as “Defendant” or ) does not oppose Plaintiffs’ Motion.<sup>2</sup> This Settlement provides for significant monetary relief for Class Members allegedly harmed by Defendant’s alleged violations of violated The California Invasion of Privacy Act, Cal. Penal Code § 630 et seq. (“IPA”), which Settlement merits final approval by the Court. The settlement agreement (“Settlement Agreement” and/or “Agreement” and/or “Agr.”) provides for a considerable financial benefit of \$6,500,000 (“Settlement Fund”) to the approximately 62,479 Settlement Class Members.

The Settlement Fund to be paid by Defendant is an all-in, non-reversionary payment. Under the Settlement, each Class Member who submitted a claim will receive a pro rata award from the Settlement Fund. Class Members are required to submit a claim form in order to receive payment, and receive a pro rata share of the settlement based on the number of claims filed. The Class Members were informed of the Settlement by Direct Mail notice, and by the Long Form Notice posted on the Settlement Website.

Due to the economics of individually suing for minimal statutory damages of \$5,000, few of the Class Members would likely be able to obtain such recovery on their own. Currently, after subtracting the attorneys’ fees and costs, the incentive award to the Class Representative, and the administrative costs from the Settlement

---

<sup>1</sup> Plaintiffs and Defendant are collectively referred to as the “Parties.”

<sup>2</sup> Unless otherwise specified, defined terms used in this Memorandum are intended to have the meaning ascribed to those terms in the Agreement.

1 Fund, each of the Class Members who submitted a valid claim form is entitled to a  
 2 Settlement Payment, in the amount of approximately \$380.39. Friedman Decl ¶39.<sup>3</sup>

3 This Settlement also creates an incentive for Defendant and other businesses  
 4 to comply with the IPA, which benefits the Class Members, consumers in general,  
 5 as well as compliant competitive businesses. *See* David R. Hodas, Enforcement of  
 6 Environmental Law in A Triangular Federal System: Can Three Not Be A Crowd  
 7 When Enforcement Authority Is Shared by the United States, the States, and Their  
 8 Citizens?, 54 Md. L. Rev. 1552, 1657 (1995) (“[A]llowing a violator to benefit  
 9 from noncompliance punishes those who have complied by placing them at a  
 10 competitive disadvantage. This creates a disincentive for compliance.”).

11 Under the proposed settlement, reached with the guidance of Judge  
 12 Meisinger, and which was already granted preliminary approval of this Honorable  
 13 Court, Defendant will contribute \$6,500,000 towards a common fund, which will  
 14 be comprised of cash distributions to Settlement Class Members, Attorneys Fees,  
 15 and Costs of Suit. Settlement Class Members were required to submit a claim  
 16 form to participate in the Settlement. Defendant was in possession of information  
 17 relating to Class Member identities, names, addresses, and phone numbers, and has  
 18 provided this information to Epiq Systems, Inc. (“Epiq” and/or the “Claims  
 19 Administrator”).

20 The settlement that has been negotiated by Class Counsel is an outstanding  
 21 result for the Class, given that Class Members who made claims will be getting  
 22 \$380.39 and damages under the IPA are \$5,000. This represents a significant

---

23 <sup>3</sup> This sum is calculated by starting with the Common Fund of \$6,500,000,  
 24 subtracting class counsel’s fees of \$2,145,000, subtracting class counsel’s costs of  
 25 \$25,046.52, subtracting the cost of notice at \$194,499, subtracting the incentive  
 26 awards of \$20,000, and dividing the remainder (\$4,115,454.48) by the 10,819  
 27 Class Members who submitted valid Claims. This is a truly outstanding figure,  
 28 given that the statutory damages are \$5,000, that there were serious challenges to  
 the case as demonstrated by Defendant’s position, and that this result was achieved  
 on a class-wide basis.

recovery for Class Members. The strength of this settlement is further evidenced by the fact that to date, Epiq has received only two valid opt outs and zero objections to the settlement, while reaching 98% of Class Members with Direct Mail Notice, in addition to Publication Notice. Declaration of Cameron Azari (“Azari Decl.”) at ¶¶ 10-26. This is an outstanding settlement that should be given final approval. There is no reason for any other result to be reached.

## II. STATEMENT OF FACTS

### A. Factual Background

Nationstar is a servicer of home mortgages. Plaintiffs’ operative Complaint alleges that Nationstar violated The California Invasion of Privacy Act, Cal. Penal Code § 630 et seq. (“IPA”) during every outgoing call, by recording consumers’ communications without telling them they are doing so at the outset of the conversation. Plaintiffs contend they and the Class are entitled to statutory damages pursuant to the IPA. Defendant has vigorously denied and continue to deny that it violated the IPA, and denies all charges of wrongdoing or liability asserted against them in the Action.

### B. Proceedings to Date

Plaintiffs’ Complaint was filed on October 23, 2015, alleging violations of the IPA. Plaintiffs’ claims stemmed from a recorded phone calls made by Defendant that took place in October and November of 2014. The Parties engaged in written discovery. Defendant produced all policies and procedures relating to recording practices, advisory practices, training for representatives, call scripts, and IVR automated messages, as well as all documents relating to Plaintiff’s collections file.

Plaintiffs moved to compel further production of documents comprising of two categories: 1) the outbound dial list showing all recorded calls placed by Defendants; and 2) recordings of California area code calls with Defendants during the class period alleged in the Complaint. Thereafter, both parties entered

1 into an agreement regarding discovery and Plaintiffs withdrew their Motion to  
 2 Compel. Plaintiffs filed for Certification on December 12, 2016. During the  
 3 pendency of certification, the Parties attended mediation which was unsuccessful.  
 4 Thereafter, the Class was certified.

5 Defendant then sought an appeal under Rule 23(f), premised largely on  
 6 *Maghen v. Quicken Loans Inc.*, 680 F. App'x 554 (9th Cir. 2017), which was  
 7 denied by the Ninth Circuit. Thereafter Plaintiffs filed a Motion for Approval of  
 8 Class Notice Plan, which was also approved by the Court.

9 The Parties attended a second mediation with the Hon. Louis M. Meisinger,  
 10 Ret. of Signature Resolution on April 27, 2018. The Parties did not resolve the  
 11 case at the mediation on April 27, 2018, but subsequently resolved the matter a few  
 12 months later thereafter via Judge Meisinger. Through his guidance, this  
 13 Settlement was reached. This Honorable Court granted Preliminary Approval on  
 14 March 4, 2019. Dkt. No. 120.

#### 15 C. Statement of Facts

##### 16 1. The Settlement Class

##### 17 a. The Settlement Class

18 The "Settlement Class" is defined in the Agreement as follows:

19 *"All individuals who, from October 23, 2014 to May 1, 2016,*  
 20 *while physically present in California and using a cellular*  
 21 *device with a California area code, participated for the first*  
 22 *time in an outbound telephone conversation with a*  
 23 *representative of Defendant or its agent who were recording the*  
 24 *conversation without first informing the individual that the*  
 25 *conversation was being recorded."* (Agreement § 2.1)

##### 26 b. Class Membership Determination

27 The Settlement Class consists of all persons who were called by Nationstar  
 28 during Class Period, as stated above. Based on data confirmed by Defendant and  
 PLAINTIFFS' MOTION FOR FINAL APPROVAL OF CLASS SETTLEMENT

1 their counsel, the number of unique cell phone numbers is approximately 62,479.  
 2 This data was confirmed by Plaintiff via discovery.

### 3 **2. Settlement Payment**

4 Under the Proposed Settlement, Defendants agree to establish a Settlement  
 5 Fund in the amount of \$6,500,000 (Agreement § 4.1) in order to fund the  
 6 following: (1) providing notice to Class Members; (2) providing settlement checks  
 7 to Class Members entitled to receive a settlement check; (3) creating and  
 8 maintaining the Settlement Website; (4) maintaining a toll-free telephone number;  
 9 (5) providing CAFA notice (Agreement § 8.3) (6) to pay the proposed \$10,000  
 10 Service Awards to the Plaintiffs (Agreement § 7); and (7) payment of the proposed  
 11 Attorneys' Fees of \$2,145,000 (33% of the Settlement Fund) and litigation costs of  
 12 up to \$100,000 (Agreement § 6).<sup>4</sup> Any funds remaining after payment of all  
 13 settlement costs and Payments to the Settlement Class shall be paid to a recipient  
 14 to be selected by the Court. Plaintiff proposes the Public Justice Foundation.  
 15 (Agreement § 15.6.).

16 The amount of the Settlement Fund shall not be reduced as a result of any  
 17 member(s) of the Settlement Class electing to opt out or be excluded from the  
 18 Settlement or for any other reason. (Agreement § 4.4).

### 19 **3. Monetary Benefit to Class Members and Class Notice**

20 The Settlement Agreement provides for \$6,500,000 in cash benefits (minus  
 21 Settlement Costs, attorney's fees, and litigation costs) to Class Members on a pro  
 22 rata basis after the claims period. There are approximately 62,479 Class Members  
 23 with unique cell phone numbers that received calls from Nationstar. Pursuant to  
 24 the Agreement, the Claims Administrator provided notice first via First Class U.S.  
 25 Mail on April 3, 2019. (Agreement § 9,1,4.); Azari Decl. ¶¶ 11. Claims Forms  
 26 were also made available on the Settlement Website. Epiq also gave notice by

27 \_\_\_\_\_  
 28 <sup>4</sup> Actual litigation costs are approximately \$23,000, which means the Class will  
 receive **more** than they were informed they would receive in the Notice.

1 Publication Notice and banner advertising on the Internet. (Agreement § 9.3);  
 2 Marquez Decl. at ¶¶ 10-26.

3 The Claims Period ends July 5, 2019, which is 120 days after the  
 4 Preliminary Approval Order was issued. (Agreement § 10.2.1), and the opt out and  
 5 objection deadline is set for July 5, 2019. Dkt. No. 120. To date, there have been  
 6 19,819 Claims made. Azari Decl. ¶ 27. The Class Members who file a Claims  
 7 Form and do not Opt Out and/or Object will each receive a pro-rata share. After  
 8 fees, costs and administration expenses, it is estimated there will be approximately  
 9 \$4,115,454.48 in available funds in the Net Settlement Fund to be distributed to the  
 10 Class. Each class member who submitted a claim will receive approximately  
 11 \$380.39. Friedman Decl. ¶¶ 38-39.

### 12 **III. ACTIVITY IN THE CASE AFTER PRELIMINARY APPROVAL**

13 The Claims Administrator's compliance is described below.

#### 14 **A. CAFA Notice**

15 The CAFA notice was mailed by Defendant in compliance with the § 3.4 of  
 16 the Settlement Agreement. Dkt. No. 108-2 Ex. B. Counsel have received no  
 17 communications from any state Attorney Generals' Offices.

#### 18 **B. Direct Mail Notice Provided**

19 Epiq complied with the notice procedure set forth in the Preliminary  
 20 Approval Order. Dkt. No. 120. As required by the Preliminary Approval Order,  
 21 Epiq mailed individual postcard notices by direct mail to the settlement Class  
 22 Members that included a summary of the Settlement's terms. Azari Decl. at ¶ 10-  
 23 14, Ex 2-3. The direct mail notice also informed the Class Members of the  
 24 Settlement Website address: (www.CallRecordingsSettlement.com) and the  
 25 Claims Administrator's toll-free telephone, where Class Members could obtain  
 26 further information about the Settlement and also make a claim. *Id.* at ¶¶ 20-24.  
 27 As part of the preparation for mailing, all names and addresses contained in the  
 28

Class were processed against the National Change of Address (“NCOA”) database, maintained by the United States Postal Service (“USPS”), for purposes of updating and confirming the mailing addresses of the Class Members before mailing the Notice postcard. *Id.* at ¶ 13. To the extent an updated address for an individual identified as a Class Member was found in the NCOA database, the updated address was used for the mailing of the Notice Packet. *Id.*

Defendant provided data to Epiq containing names, addresses and phone numbers of individuals who provided their information to Defendant who were called and recorded by Defendant. *Id.* at ¶ 10. This data contained information that was used by Epiq to send out 53,512 mail notice postcards. *Id.* at ¶ 11. As of today, 831 of these Notice and Claim Forms remain undelivered, which equates to approximately 98% reach of the Potential Class Members by direct mail. *See* Azari Decl. at ¶¶ 10-14. Notice was also given by way of publication in USA Today and banner ads on the google Display Ad Network and Facebook, generating 12 million impressions. *Id.* at ¶¶ 15-24, Exs. 4-7. Looked at another way, approximately 98% of the Class Members for whom address information was available were sent direct mail notice, not even including publication notice, which clearly satisfies due process. *See e.g., Wilson v. Airborne, Inc.*, 2008 U.S. Dist. LEXIS 110411, \*13-14 (C.D. Cal. Aug. 13, 2008) (court granted final approval of settlement where measurements used to estimate notice reach suggested that 80% of adults learned of the settlement).

### **C. Formal Notice Posted On The Settlement Website**

In compliance with the Preliminary Approval Order, Epiq posted on the Settlement Website the detailed and full notice in a question and answer format, the approval papers and fee request papers, the settlement agreement, and the long form notice. Azari Decl. at ¶ 20.<sup>5</sup> The Settlement Website provided notice of the

<sup>5</sup> This Motion and Plaintiffs’ Fee Petition are being posted to the website immediately after their filing.

proposed Settlement to the Class Members, in addition to the Direct Mail Notice.

**D. Objections, Opt Outs, and Settlement Payouts**

Class Members were provided no less than 90 days to review the Settlement, make timely opt outs and objections. As of the date of filing, Epiq has reported that, to date, there were two opt outs and zero objectors to the Settlement. Azari Decl. at ¶ 26. The current deadline to submit a Request for Exclusion or Object is July 5, 2019. *Id.*<sup>6</sup> The fact that there were not only zero objections, but only two opt outs, out of 62,479 Class Members highly supports the adequacy of the proposed Settlement. *Id.* See *In re Diamond Foods, Inc.*, 2014 U.S. Dist. LEXIS 3252, \*9 (N.D. Cal. Jan. 10, 2014) (“Also supporting approval is the reaction of class members to the proposed class settlement. After 67,727 notices were sent to potential class members, there have been only 29 requests to opt out of the class and no objection to the settlement or the requested attorney's fees and expenses.”).

**1. Settlement Checks and Credits**

The net Settlement Fund available to pay Class Members is \$4,115,454.48, which was determined by subtracting the anticipated Class Representative incentive awards of \$20,000.00, Class Counsels’ requested fees of \$2,145,000, Class Counsels’ litigation expenses of \$25,046.52, and the Settlement Administration costs (estimated to be no more than \$194,499 after completion) from the Settlement Fund of \$6,500,000. Friedman Decl. ¶¶ 35-39. This sum was divided by the 10,819 valid claims submitted by Class Members. Based on the available net Settlement Fund and, this equates to each Claimant receiving approximately \$380.39. Friedman Decl. ¶ 39.

**2. Class Representative’s Incentive Payment**

District Courts in California have opined that in many cases, an incentive

award of \$5,000 is presumptively reasonable. *See Bellinghausen v. Tractor Supply Co.*, 306 F.R.D. 245, 266-67 (N.D. Cal. Mar. 20, 2015) – finding that “[i]n this district, a \$5,000 payment is presumptively reasonable. *See also In re Online DVD-Rental Antitrust Litigation*, 779 F.3d 934, 942-43 (9th Cir. Feb. 27, 2015) (finding that the District court did not abuse its discretion in approving settlement class in antitrust class action, despite objector's contention that the nine class representatives were inadequate because their representatives' awards, at \$5,000 each, were significantly larger than the \$12 each unnamed class member would receive); *In re Toys R Us – Delaware, Inc. – Fair and Accurate Credit Transactions Act (FACTA) Litigation*, 295 F.R.D. 438, 472 (C.D. Cal. Jan. 17, 2014) (finding that Request for recovery of \$5,000 incentive award for each named plaintiff in consumers' action against children's toy retailer alleging retailer violated the Fair and Accurate Credit Transactions Act (FACTA) by printing more than the last four digits of consumers' credit card numbers on customer receipts, was reasonable; parties' settlement agreement provided for incentive payments of \$5,000 to each named plaintiff, those awards were consistent with the amount courts typically awarded as incentive payments). Incentive awards of \$15,000-\$20,000 have been found to be reasonable. *See, e.g., In re Veritas Software Corp. Sec. Litig.*, 396 Fed. App'x 815, 816 (3d Cir. 2010) (\$15,000 awarded to each lead plaintiff); *Buccellato v. AT&T Operations, Inc.*, No. 10-cv-463-LHK, 2011 WL 4526673, at \*4 (N.D. Cal. June 30, 2011); *Raffin v. Medicredit, Inc.*, Case No. CV 15-4912-MWF (PJWx), 2018 WL 6011551 (C.D. Cal. May 11, 2018) (preliminarily approving a \$15,000 incentive award, and later granting the award at final approval).

Pursuant to the Agreement and the Preliminary Approval Order, and subject to Court's final approval, Defendant has agreed that the Plaintiffs may be paid from the Settlement Fund an incentive award of up to \$10,000 per Plaintiff, in recognition of Plaintiffs' service as the Class Representative. Agr. § 7. The Court

PLAINTIFFS' MOTION FOR FINAL APPROVAL OF CLASS SETTLEMENT

1 should approve the \$10,000 incentive payment to compensate Plaintiffs for their  
 2 time and efforts in litigating this case on behalf of the Class because it is in line  
 3 with the Ninth Circuit's directives in *Radcliffe v. Experian Info. Solutions, Inc.*,  
 4 2013 U.S. App. LEXIS 9126 (9th Cir. Mar. 4, 2013). Plaintiffs' efforts in this  
 5 litigation are outlined in Plaintiff's declarations, filed contemporaneously  
 6 herewith in support of Motion for Attorneys' Fees and Costs and Incentive  
 7 Award. Plaintiffs acted dutifully in their role as class representatives, and should  
 8 be awarded this reasonable sum of \$10,000 per Plaintiff, for their parts in the  
 9 litigation.

### 10 **3. Attorneys' Fees and Costs**

11 The Agreement permits Class Counsel to file an application for attorneys'  
 12 fees, not to exceed 33% of the Settlement Fund (the benchmark in the Ninth  
 13 Circuit is 25%, *Hanlon*, 150 F.3d at 1029), as well as litigation costs to be paid  
 14 from the Settlement Fund, not to exceed \$100,000. Agr. § 6. That amount of  
 15 Attorneys' fees requests (\$2,145,000) and litigation costs (\$23,973.02) sought to  
 16 date by Class Counsel is explained in more detail in Plaintiff's Fee Brief, filed  
 17 contemporaneously herewith. The Court should approve the award of the  
 18 requested attorneys' fees and costs to compensate Class Counsel for their time and  
 19 efforts in litigating this case on behalf of the Class and the named Plaintiffs,  
 20 having obtained great results for the Class.

### 21 **4. Administrator's Expenses For Notice and Administration**

22 Defendant has agreed to pay all costs of notice and claims administration  
 23 from the Settlement Fund up to an amount of \$200,000. As of August 31, 2018,  
 24 Epiq's costs and expenses had been \$160,674.63. Azari Decl. at ¶ 31. Epiq will  
 25 provide a supplemental declaration in support of these costs in advance of the  
 26 approval hearing, once the claims period has closed.

1 **IV. ARGUMENT**

2 **A. Final Approval of The Proposed Settlement Is Warranted**

3 The Court has already preliminarily found the requirements of Fed. R. Civ.  
4 P. 23 are satisfied. *See generally* Preliminary Approval Order, Dkt. No. 197. The  
5 relevant factors demonstrate that the proposed Settlement should be finally  
6 approved as fair, reasonable and adequate. Since preliminary approval, Plaintiff  
7 has continued to serve as an adequate Class Representative by reviewing  
8 documents and submitting declarations in support of motions, including the present  
9 motion; and Plaintiff supports final approval of the proposed settlement. Moreover,  
10 Class Counsel have also continued to adequately represent the interests of the  
11 Class Members and the named Plaintiff, having, among other things, timely  
12 disseminating Class Notice, communicating promptly with class members who  
13 contacted class counsel with questions, filing the Fee Brief, and assisting with  
14 settlement administration.

15 “Unlike the settlement of most private civil actions, class actions may be  
16 settled only with the approval of the district court.” *Officers for Justice v. Civil*  
17 *Service Com’n of City and County of San Francisco*, 688 F.2d 615, 623 (9th Cir.  
18 1982). “The court may approve a settlement . . . that would bind class members  
19 only after a hearing and on finding that the settlement . . . is fair, reasonable, and  
20 adequate.” Fed. R. Civ. P. 23(e)(1)(C). The Court has broad discretion to grant  
21 such approval and should do so where the proposed settlement is “fair, adequate,  
22 reasonable, and not a product of collusion.” *Hanlon v. Chrysler Corp.*, 150 F.3d  
23 1011, 1026 (9th Cir. 1998).

24 “To determine whether a settlement agreement meets these standards, a  
25 district court must consider a number of factors, including: ‘the strength of  
26 plaintiffs’ case; the risk, expense, complexity, and likely duration of further  
27 litigation; the risk of maintaining class action status throughout the trial; the  
28 amount offered in settlement; the extent of discovery completed, and the stage of

1 the proceedings; the experience and views of counsel; the presence of a  
 2 governmental participant; and the reaction of the class members to the proposed  
 3 settlement.” *Staton v. Boeing Co.*, 327 F.3d 938, 959 (9th Cir. 2003). “The  
 4 relative degree of importance to be attached to any particular factor will depend  
 5 upon and be dictated by the nature of the claim(s) advanced, the type(s) of relief  
 6 sought, and the unique facts and circumstances presented by each individual case.”  
 7 *Officers for Justice*, 688 F.2d at 625. The Court must balance against the  
 8 continuing risks of litigation and the immediacy and certainty of a substantial  
 9 recovery. *See Girsh v. Jepson*, 521 F.2d 153, 157 (3d Cir. 1975); *In re Warner*  
 10 *Communications Sec. Litig.*, 618 F. Supp. 735, 741 (S.D. N.Y. 1985).

11 The Ninth Circuit has long supported settlements reached by capable  
 12 opponents in arms’ length negotiations. In *Rodriguez v. West Publishing Corp.*,  
 13 563 F.3d 948 (9th Cir. 2009), the Ninth Circuit expressed the opinion that courts  
 14 should defer to the “private consensual decision of the [settling] parties.” *Id.* at  
 15 965 (citing *Hanlon*, 150 F.3d at 1027 (9th Cir. 1998)). The district court must  
 16 exercise “sound discretion” in approving a settlement. *See Torrisi v. Tucson Elec.*  
 17 *Power Co.*, 8 F.3d 1370, 1375 (9th Cir. 1993); *Ellis v. Naval Air Rework Facility*,  
 18 87 F.R.D. 15, 18 (N.D. Cal. 1980), *aff’d* 661 F.2d 939 (9th Cir. 1981). However,  
 19 “where, as here, a proposed class settlement has been reached after meaningful  
 20 discovery, after arm’s length negotiation conducted by capable counsel, it is  
 21 presumptively fair.” *M. Berenson Co. v. Faneuil Hall Marketplace, Inc.*, 671  
 22 F.Supp. 819, 822 (D. Mass. 1987); *In re Ferrero Litig.*, 2012 U.S. Dist. LEXIS  
 23 15174, \*6 (S.D. Cal. Jan. 23, 2012) (“Settlements that follow sufficient discovery  
 24 and genuine arms-length negotiation are presumed fair.”) (citing *Nat’l Rural*  
 25 *Telcoms. Coop. v. Directv, Inc.*, 221 F.R.D. 523, 528 (C.D. Cal. 2004)).

26 Application of the relevant factors here confirms that the proposed  
 27 settlement should be finally approved. Notably, this Settlement was reached with  
 28 the assistance of experienced mediator Hon. Louis M. Meisinger (Ret.), which

shows a lack of collision between the Parties. *See Jones v. GN Netcom, Inc. (In re Bluetooth Headset Prods. Liab. Litig.)*, 654 F.3d 935, 948 (9th Cir. Cal. 2011). Based on the facts of this case, Class Counsel and the named Plaintiff agree that this settlement is fair and reasonable; among other things, the settlement will avoid costly and time-consuming additional litigation and the need for trial. Friedman Decl., ¶¶ 21-43.

**1. The Strength of The Lawsuit And The Risk, Expense, Complexity, And Likely Duration of Further Litigation**

Defendant Nationstar has vigorously contested the claims asserted by Plaintiff in this Litigation, which has been in litigation for almost four years. While both sides strongly believed in the merits of their respective cases, there are risks to both sides in continuing the Litigation. Friedman Decl. at ¶¶ 22-24. In considering the Settlement, Plaintiffs and Class Counsel carefully balanced the risks of continuing to engage in protracted and contentious litigation against the benefits to the Class. As a result, Class Counsel supports the Settlement and seek its Preliminary Approval. *Id.* at ¶ 25. Similarly, Nationstar believes that it has strong and meritorious defenses not only to the action as a whole, but also as to class certification and the amount of damages sought.

In considering the Settlement, Plaintiff and Class Counsel carefully balanced the risks of continuing to engage in protracted and contentious litigation against the benefits to the Class including the significant benefit and the deterrent effects it would have. Friedman Decl. at ¶ 24. As a result, Class Counsel supports the Settlement and seeks its Final Approval. *Id.* at ¶¶ 3, 25. The negotiated Settlement is a compromise avoiding the risk that the class might not recover and presents a fair and reasonable alternative to continuing to pursue the Action as a class action for alleged violations of the IPA. What is more, Judge Meisinger, who is intimately familiar with the instant litigation as well as the current climate of IPA litigation as a whole, agrees with the parties.

## 2. The Amount Offered In Settlement

As set forth above, Defendant has agreed to a common fund settlement in the amount of \$6,500,000. After administration costs, proposed attorney's fees, costs of suit, and the proposed incentive award, Settlement Class Members will collectively receive at least \$4,115,454.48 of these available funds. The amount of the check shall be calculated by the Claims Administrator on a pro-rata basis, which currently equates to approximate recoveries of \$380.39 per Class Member who submitted a valid Claim. Friedman Decl. ¶¶ 38-39.

Class Member data provided to the Claims Administrator in the course of disseminating Notice verifies that the Class is comprised of 62,479 unique individuals. The net recovery, after fees and costs, to each Class Member will be approximately \$380.39 for each Class Member who submits a valid claim form. This is a highly favorable per-person recovery for the Class. Moreover, this outstanding result was achieved without having to subject Settlement Class members to the substantial risks ahead in litigation, which include having to fight class decertification.

The settlement award that each Class Member will receive is fair, appropriate, and reasonable given the purposes of the IPA, the limitations of class-wide liability, and in light of the anticipated risk, expense, and uncertainty of continued litigation. Although it is well-settled that a proposed settlement may be acceptable even though it amounts to only a small percentage of the potential recovery that might be available to the class members at trial, here, the Settlement provides significant and meaningful relief that is comparable to what the Class Members would receive if Plaintiff was able to prevail on class certification, took the case to trial and obtained a judgment.<sup>7</sup> Moreover, Class Members were able to

<sup>7</sup> *National Rural Tele. Coop. v. DIRECTV, Inc.*, 221 F.R.D. 523, 527 (C.D. Cal. 2004) (“well settled law that a proposed settlement may be acceptable even though it amounts to only a fraction of the potential recovery”); *In re Global Crossing Sec. and ERISA Litig.*, 225 F.R.D. 436, 460 (E.D. Pa. 2000) (“the fact that a proposed settlement constitutes a relatively small percentage of the most optimistic estimate

1 avoid the time, expense and risk associated with bringing their own individual IPA  
 2 action, where they would be anticipated to receive a sum on the lower end of the  
 3 \$5,000 in statutory damages awardable under the IPA.

4 **3. Class Members were provided with the best notice possible,**  
 5 **which afforded them an opportunity to choose whether to**  
 6 **participate in the Settlement**

7 Rule 23(c)(2)(B) provides that, in any case certified under Rule 23(b)(3), the  
 8 court must direct to class members the “best notice practicable” under the  
 9 circumstances. Rule 23(c)(2)(B) does not require “actual notice” or that a notice  
 10 be “actually received.” *Silber v. Mabon*, 18 F. 3d 1449, 1454 (9th Cir. 1994).  
 11 Final approval of the Settlement should be granted when considering the terrific  
 12 notice provided to the Class Members, i.e., 98% of the Class Members for whom  
 13 address information was available successfully received direct mail notice, and  
 14 notice was also given by publication in USA Today, and ads on Facebook and  
 15 Google Display Ad Network, generating 12 million adult impressions. *See Azari*  
 16 *Decl.*, ¶¶ 15-19.

17 It is also noteworthy that the settlement received highly positive responses  
 18 from Class Members, as illustrated by lack of objections and just two opt outs.  
 19 Moreover, it is well-settled that a proposed settlement may be accepted where the  
 20 recovery represents a fraction of the maximum potential recovery. *See e.g., Nat’l*  
 21 *Rural Tele. Coop v. DIRECTV, Inc.*, 221 F.R.D 523, 527 (C.D. Cal. 2004) (“well  
 22 settled law that a proposed settlement may be acceptable even though it amounts to  
 23 only a fraction of the potential recovery”); *In re Global Crossing Sec. ERISA*  
 24 *Litig.*, 225 F.R.D. 436, 460 (E.D. Pa. 2000) (“the fact that a proposed settlement  
 25 constitutes a relatively small percentage of the most optimistic estimate does not,

26 does not, in itself, weigh against the settlement; rather, the percentage should be  
 27 considered in light of strength of the claims”); *In re Omnivision Tech., Inc.*, 559 F.  
 28 Supp. 2d 1036 (N.D. Cal. Jan. 9, 2008) (court-approved settlement amount that  
 was just over 9% of the maximum potential recovery); *In re Mego Fin’l Corp. Sec.*

PLAINTIFFS’ MOTION FOR FINAL APPROVAL OF CLASS SETTLEMENT

1 in itself, weigh against the settlement; rather, the percentage should be considered  
 2 in light of strength of the claims”); *In re Mego Fin. Corp. Sec. Litig.*, 213 F.3d 454,  
 3 459 (9th Cir. 2000) (approving a settlement that comprised one-sixth of plaintiffs’  
 4 potential recovery). Again, despite this general acceptance, the settlement at issue  
 5 here results in the Class receiving comparable relief to what they would potentially  
 6 be able to receive in a judgment. It is an outstanding settlement in every respect.

7 The Claims Administrator sent postcard notice to 53,512 potential Class  
 8 Members, identified by Defendant’s records (explained above) All but a small  
 9 percentage of Class Members were reached, ultimate resulting in 98% of Class  
 10 Members having received direct mail notice of the settlement. *Id.* at ¶¶ 10-14.  
 11 This was excellent notice and the best notice practicable for the Class Members.

#### 12 **4. The Extent of Discovery Completed**

13 The proposed Settlement is the result of intensive arms-length negotiations,  
 14 which included several months of discovery into the nature of the practices, and  
 15 the size of the Class affected by them. The parties also engaged in a full-day  
 16 mediation session before Hon. Louis Meisinger. Prior to the mediation, the  
 17 Parties engaged in both formal and informal discovery surrounding Plaintiffs’  
 18 claims and Defendant’s defenses. The Parties also participated in direct  
 19 discussions about possible resolution of this litigation, including numerous  
 20 telephonic conferences, which ultimately resulted in a general understanding of the  
 21 Settlement terms.

22 The important information needed in these cases is primarily how many  
 23 Class Members’ were subjected to the practices at issue. This information was  
 24 obtained through both formal and informal discovery. Thus, the litigation here had  
 25 reached the stage where “the parties certainly have a clear view of the strengths  
 26 and weaknesses of their cases.” *Warner Communications*, 618 F. Supp. at 745.

27 Considering that the main disputed issues between the Parties are legal (i.e.,  
 28 did Defendant’s failure to provide notice of recording violate the IPA? Is a class

1 action maintainable under Fed. R. Civ. P. 23?), and not factual in nature, the  
 2 Parties have exchanged sufficient information to make an informed decision about  
 3 settlement. See *Linney v. Cellular Alaska Partnership*, 151 F.3d 1234, 1239 (9th  
 4 Cir. 1998).

## 5 **5. The Experience And Views of Class Counsel**

6 “The recommendations of plaintiff’s counsel should be given a presumption  
 7 of reasonableness.” *Boyd v. Bechtel Corp.*, 485 F. Supp. 610, 622 (N.D. Cal.  
 8 1979). The presumption of reasonableness in this action is fully warranted because  
 9 the settlement is the product of arm’s length negotiations conducted by capable,  
 10 experienced counsel. See *M. Berenson Co.*, 671 F. Supp. at 822; *Ellis*, 87 F.R.D. at  
 11 18 (“that experienced counsel involved in the case approved the settlement after  
 12 hard-fought negotiations is entitled to considerable weight”); 2 Newberg on Class  
 13 Actions § 11.24 (4th Ed. & Supp. 2002); Manual for Complex Lit., Fourth § 30.42.

14 Here, it is the considered judgment of experienced counsel that this  
 15 settlement is a fair, reasonable and an adequate settlement of the litigation.  
 16 Friedman Decl., ¶¶ 13-26. Class Counsel are experienced consumer class action  
 17 lawyers. This Settlement was negotiated at arms’ length by experienced and  
 18 capable Class Counsel who now recommend its approval. Friedman Decl. ¶¶ 13-  
 19 25. Moreover, the Settlement was reached after the assistance of Judge Meisinger  
 20 (Ret.). Given their experience and expertise, Class Counsel are well-qualified to  
 21 not only assess the prospects of a case, but also to negotiate a favorable resolution  
 22 for the class. Class Counsel have achieved such a result here in this class action,  
 23 and unequivocally assert that the proposed Settlement should receive final  
 24 approval. Friedman Decl., ¶¶ 22-25.

## 25 **6. The Reaction of Class Members To The Settlement**

26 The fact that there are now zero objections, and two valid opt outs from the  
 27 approximately 62,479 Class Members, should say all that needs to be said about  
 28 the outstanding settlement that was reached here for the Class. See *Detroit v.*

1 *Grinnell Corp.*, 495 F.2d 448, 463 (2d Cir. 1974); *Warner Communications*, 618 F.  
 2 Supp. at 746; *Steinfeld v. Discover Fin. Servs.*, 2014 U.S. Dist. LEXIS 44855, \*21  
 3 (N.D. Cal. Mar. 31, 2014) (only specific objections or comments from 9 class  
 4 members, and 239 out of the approximately 8 million class members chose to opt  
 5 out). There has been absolutely zero resistance to the Settlement. Friedman Decl.  
 6 at ¶¶ 31-33; Azari Decl. at ¶¶ 26-27. Moreover, there was an over 17% take rate  
 7 on this case, which is higher than typical in these types of cases, and indicates that  
 8 Class Members were very interested in receiving settlement benefits. Friedman  
 9 Decl. ¶¶ 31-33; Azari Decl. at ¶¶ 26-27.

## 10 **V. CONCLUSION**

11 In sum, the Parties have reached this Settlement following extensive arms'  
 12 length negotiations, including with the assistance of Judge Louis Meisinger (Ret.).  
 13 The Settlement is fair and reasonable to the Class Members who were afforded  
 14 notice that complies with due process. For the foregoing reasons, Plaintiff  
 15 respectfully requests that the Court:

- 16 • Grant final approval of the proposed settlement;
- 17 • Order payment from the settlement proceeds in compliance with the Court's
- 18 Preliminary Approval Order and the Agreement;
- 19 • Grant the Motion For Attorney's Fees, Costs, and Incentive Payment;
- 20 • Enter the proposed Final Judgment and Order of Dismissal With Prejudice
- 21 submitted herewith; and,
- 22 • Retain continuing jurisdiction over the implementation, interpretation
- 23 administration and consummation of the Settlement.
